

**Enough is Enough!!** We are going to take a stand against those who are working to destroy the **Moral Foundations** this nation was founded on. Capitol Resource Institute is the best watchdog on our California state Capitol. Please log on to this web site. [www.capitolresource.org](http://www.capitolresource.org) On this site, please go to, Local Activities to see what you can do to help.

**Every** person in our state legislation and our Representatives in Congress have taken an oath to uphold the **Constitution** and to **protect our country**. Yet, most all have never read the Constitution. For information on how members in Congress and the U.S. Senate vote regarding their oath of office, go to, Congress and U.S. Senate on this site.

**History has proven that when the morals of a nation are destroyed, so is the nation.**

**OUR GOAL is to educate the Christian's (churches) of their civic responsibilities to preserve our heritage and a moral society, for the welfare of all mankind.** We are an educated and action organization taking a stand on moral issues, rights of parents, prayer in public schools, protecting our Constitution, etc.

“ . . . of all the habits and dispositions which lead to political prosperity, Religion and Morality are indispensable supports.”

*George Washington's farewell speech*

Over the years, when approaching Pastors and Christians alike with what is happening in our country, with the loss of our freedom and the decline in our moral values, the answer is much the same. We are most assuredly in a spiritual warfare. As Christians, we are to put God first in everything we do; but currently this is often not happening when taking a stand on moral issues. Many pastors today preach the social gospel; they don't want to offend anyone with the moral issues in the Bible. In Psalm 11:3, it is written, *“If the foundations be destroyed, what can the righteous do?”*

The Bible and politics go hand in hand; yet, these are the two subjects most people don't want to talk about. Over the years, the churches have moved away from their important roll **in civic responsibility**, they have turned our government over to the un-godly to rule over our nation. It is for this reason we are losing our freedoms and the decline in our morals as a nation. If you don't take a stand to protect our freedoms, you then help those who are working to destroy them.

Abraham Lincoln once said, *“Our nation will be destroyed from within, not from without.”*

America was once a beacon light to the world, giving “Freedom, Hope and Prosperity” to **all** who came to this great country. Of the 56 men who signed the Constitution, 29 were ordained ministers, men of God. They had security, but they valued liberty more. They gave us an

Independent America, a **Republic** form of government, not a democracy. In the early days of our Republic, one could not run for public office unless they believed in the Trinity. In 1892 the U.S. Supreme Court even ruled that America was a Christian nation.

In the Old Testament, the Prophet Hosea said in chapter 4:6, *“My people are destroyed for lack of knowledge.”*

This Organization (Citizens Against Moral Decline) has been started to reach the body of believers and bring back understanding of what we were, to what we can become, to **rebuild** our nation, so other nations will once again have respect for America.

There are many good organizations today working to do what they can, to stop the erosion of our liberties and freedoms. However, it seems as if we are caught up in extinguishing one bon fire after another (freedom destroying bills that are being passed by our legislators) with no end in sight. What is needed is to expose the “arsonist” (those legislators and their co-sponsors) who are writing these bills. If a politician is voting contrary to their oath of office, we need to educate the voters of this contradiction.

Those great men that wrote our Constitution took an oath: “We mutually pledge to each other, our lives, our fortunes and our sacred honor.” We, the Citizens Against Moral Decline need American people to do their part in this movement; to take a stand for “God, Country and Family”. Each person that takes a stand with us, is expected to do his/her part. We must take a stand today. **Please join with us and take back America!** It can be done, if everyone takes action and if we all work as a team.
